19 & 20 October 2023  
NDMC Convention Centre  
New Delhi

"Aatma Nirbhar Bharat - Gasify 100MT coal by 2030. Rs 20,000 crore will be invested in coal gasification projects by 2030 for eco-friendly utilisation of the fuel, which is abundantly available in the country. With this technology, coal can be gasified to turn it into a clean syngas or synthesis gas—a mixture of hydrogen and carbon monoxide — which constitutes the basic building block of the chemical industry and converted into a wide range of downstream products"

"The government will soon use the around 40% unviable coal mines in the country to make urea through coal gasification which will reduce its production cost by around 50%, Union Minister Nitin Gadkari said. Coal gasification will help reduce the ₹55,000 crore subsidy provided by the government on urea every year"

"India will give priority to Coal Gasification. We are prepared to put roadmap for diversified energy basket in place. Coal Ministry to Focus on Coal Gasification to Produce Methanol, Fertilisers over next 3 years"

"Blending of natural gas, biogas, hydrogen and other gases is key to de-carbonizing the energy system & centre is focusing on exploration and production of oil and natural gas to make India a self-reliant country in energy requirement, and the work on meeting the target of 20 per cent ethanol blending in petrol by 2025 is on track"

"Coal gasification and liquefaction will be incentivised through rebate in revenue sharing, she said adding coal bed methane (CBM) production would also be encouraged"

"The government's decision to open the coal sector for private sector participation in commercial coal mining and gasification corrects a historical anomaly. Niti Aayog is aiming to set up a 15,000 tonnes per day coal to methanol gasification unit in a bid to cut crude oil imports"

## Under Implementation & Announced Projects in India ...

Talcher Fertilizer - is also currently building a 2.5 MT coal gasification unit with an estimated investment of Rs 13,277 crore.

Dankuni Coal Complex would come up on build-own-operate model and produce 6.76 lakh tonne of methanol a year, and it is expected to be complete by January 2025

₹4,400-crore Lignite Gasification project expected to be implemented on a lumpsum turnkey basis. Engineers India Ltd is likely to be awarded the project management contract.

JSPL has plans of setting up a coal gasification plant -- the second in the country -- at its Raigarh plant in Chhattisgarh

New Era Cleantech's project involves an investment of around USD 2.5 bn over a period of 10 years in Chandrapur, Maharashtra. This project will be the leading torchbearer for many such projects in Maharashtra state and the country"

ECL has been mandated to produce methanol via Coal Gasification route.

CCL - Have identified a suitable plot in its Ashoka Coal mines in North Karmpura project in Khalaria area in Ranchi district and to produce ammonium nitrate via Coal Gasification route.

Western Coalfields Limited to come up with Coal Gasification plant at Chandrapur and to produce ammonium nitrate via Coal Gasification route.

CMPDI - Pre-feasibility report studies are being conducted to set up coal gasification plants in Jharkhand, West Bengal, Odisha and Maharashtra.

BPCL's new petcoke gasification project will manufacture many value-added petrochemicals like acetic acid, ethanol, methanol, alcohols and hydrogen

## Successful Ongoing Projects - GEMS OF INDIA

RIL -  
Petcoke Gasification, Jamnagar

JSPL -  
Coal Gasification, Angul

Essar -  
Coal Bed Methane, Raniganj

Great Eastern Energy Corporation  
Ltd - pioneered exploration,  
production, and development of  
CBM in India

With four years of hard work BHEL  
successfully demonstrated a facility to  
create 0.25 TPD methanol from high  
ash Indian coal

## Initiatives by Govt. of India

The Ministry of Coal, through Atmanirbhar Bharat Abhiyaan, has taken the initiative, National Coal Gasification Mission, that is to utilise coal through coal gasification, with the goal of achieving 100 MT coal gasification by 2030.

In order to support coal gasification and availability of coal for the sector at a concessional rate, the Ministry of Coal has introduced a policy for concessions of 50 per cent in revenue share for commercial auction of coal blocks.

To incentivise more participation and increase coal production, the rebate of 20% was increased to 50% for successful bidders using their coal for coal gasification and liquefaction.

It has also been recommended that all coal companies assign a nodal officer and formulate a plan for gasifying at least 10 percent of their coal production.

SHAKTI policy was implemented in coal gasification projects to minimise operating costs by allocating long-term coal linkages through auction.

The National Coal Gasification Mission took a definite direction, with the finance minister announcing four pilot projects in the 2022-23 Budget.

Centre is likely to issue a policy on the use of methanol as an alternative fuel soon.

PRESENTS

14<sup>th</sup> EDITION CONFERENCE & EXPO

# GASIFICATION INDIA 2023

19 & 20 October 2023  
NDMC Convention Centre  
New Delhi

In the last eight years, domestic coal production has increased by 37.3%, and domestic coal offtake has increased by 43%. Domestic coal production has increased from 728.72 MT in FY21-22 to 893.08 MT in FY22-23, a growth of 22.6%. Coal production from Captive/Commercial coal blocks was around 5.09 Lakh Ton on 02nd March 2023 which was the highest ever single day production. Production from captive/commercial coal mines during current FY till February has increased by 29.8% over FY 2021-22. Coal ministry is hopeful of achieving more than 112 million ton production from captive/commercial coal blocks in 2022-23 with an increase of about 31% over last year. Under PM Modi, the coal sector has emerged after an eclipse.

India announced environmental targets as its Nationally Determined Contribution (NDC) under the Paris Agreement in 2016. In order to meet these objectives, coal gasification aids in the decrease of emission levels and the advancement of non-fossil fuel-based energy resources.

**COAL GASIFICATION** is regarded as a cleaner coal technology when compared to coal combustion and could be used to generate a range of products using clean coal innovations such as hydrogen, methanol, and fertilisers via coal gasification. Carbon fibres and plastic composites made from coal power plant ash/residue. Syngas, according to proponents of coal gasification, can be used to generate power, in energy-efficient fuel cell technology, or as chemical "building components" for industrial applications. The hydrogen can also be extracted and used to power a hydrogen economy. The syngas produced by coal gasification can be used to generate urea and a variety of products such as methanol, Dimethyl ether (DME), and olefins, allowing India to minimise imports and become self-sufficient.

Coal gasification brings several benefits as India is highly import dependent for petro-chemicals and natural gas. The products envisaged in these new projects will provide feedstock for a new industrial economy and promote 'atmanirbharta'. As of now, petrochemicals and gas-related downstream industries are largely dependent on imported feedstock. The import-based LNG terminals located in western India supply imported gas to projects in Gujarat, Maharashtra and Kerala. The new coal-gasification based industries in eastern and central India could be a game-changer, spurring new plants in these sectors and in different regions. The four projects are planned in close proximity of coalfields in West Bengal, Chhattisgarh, Jharkhand and Maharashtra. These were traditional industrial areas of the country, and with the pivot of manufacturing shifting elsewhere, they have for some decades now lagged for want of investments in large industries.

**GASIFICATION can only reduce India's dependence upon imported oil for transport fuels, reducing our import bill by a third. India's transport sector will become carbon-neutral and hence, can become a leader in the battle against climate change.**

**GASIFICATION** can only enable a wide range of energy sources including coal, biomass and residual oils to be converted into environmentally-friendly chemicals and fuels. Most of the effluents normally created in atmospheric burning plants are caught before combustion and converted into useful by-products, or captured for safe storage.

Mission Energy Foundation have Religiously and Dedicatedly Given **15 YEARS to the Nation with 13 EVENTS on Coal Gasification**, Creating Forums of Discussion; Exchange of Ideas; Sharing Practical Experiences; Govt. Advocacies & Networking Opportunities to Professionals & Businesses WORLDWIDE.

With all the rights, MISSION ENERGY FOUNDATION urge you all to gather in large scale during **GASIFICATION INDIA - 2023 in its 14th Successful Edition of CONFERENCE - EXPO scheduled on 19-20 October 2023, NDMC Convention Centre - New Delhi.**

## the CONFERENCE

**GASIFICATION INDIA - 2023 in its 14th Successful Edition of CONFERENCE - EXPO scheduled on 19-20 October 2023, NDMC Convention Centre - New Delhi**

### Conference Theme:

### **Pathway Towards Meeting Climate Change Obligation**

**GASIFICATION INDIA** has always been timely event that identifies the opportunities to invest and implement various gasification technologies. It brings together gasification investors & operators, owners, synthetic gas users including power, fertilizer and chemical companies, technology and financiers to discuss critical issues facing the growing sector today!

**GASIFICATION INDIA 2023** is an all-inclusive, proficient platform that provides an in detail analysis of extensive drivers, challenges, restraints, opportunities, present market trends and approach influencing the global gasification industry together with projections and forecasts.

**GASIFICATION INDIA 2023** shall cover processing technique, investment plan, services as well as network management. In addition, it discusses gasification supply chain, financial support, retailers' analysis, and marketing channels. Moreover, it describes gasification market entry strategies, opportunities and development challenges predicting the future growth of the gasification market across the globe by integrating the information with relevant findings.

# GASIFICATION INDIA 2023

19 & 20 October 2023  
NDMC Convention Centre  
New Delhi

## Who Shall Attend - GASIFICATION INDIA 2023

Leading power generation companies, petrochemical plant operators and the oil refining industry including: managers and directors of gasification, biomass or clean coal technology, power generation, R&D and new technologies, renewable strategy, sustainable technologies, environment and CO2 managers, CTOs, COOs as well as business development executives from technical service providers, consultants and regulators.

Government Institutions, Regulators & Energy planning Authorities - Coal Miners - Fertilizer Manufacturers - Oil & Gas companies - Power Companies - Other gas users - Investors and Financiers - Gasification Technology Licensors - Technology Upgradation providers - Gas processing and sulphur recovery technology companies - Engineering and construction companies - Waste water treatment & environmental services - Leading research institutes - International association

Chairman, Managing Directors, Technical Director, Commercial Director, Project Director, Residual Waste Service Officers, Chief Investment Officer, Heads of Renewable Energy, Heads of Sustainable Development, Heads of Strategic Developments, Heads of New Project Developments, Alternative Energy Advisors, Assistant Manager, Business Development Manager, Chemistry Professor, Commercial Manager Energy, Contract Development Manager, Heads of Supply Chain Management, Fuel Use Officer, HSE Manager, Energy from Waste Technology Managers, Investment Analysts, Commercial Managers, Heads of Waste Management, Secretary, Joint Secretary (Ministry) & Municipal Commissioners.

## Presentation and Paper Submission

The Programme Committee encourages you to send abstracts/papers. The abstract must not exceed 8 pages for oral presentation with tables and illustrations. Abstracts/papers will only be accepted in electronic form (MS Word) to be submitted by email to below.

The deadline for abstracts/papers submission is 31 August 2023.

## TIME-LINE AGENDA

### Day 1 – Thursday, 19 October 2023

**08.30 Hrs – Registration & Welcome High Tea**

**09.30 Hrs – GASIFICATION INDIA 2023 – Organiser’s Intro**  
Shri Ashwinkumar Khatri, DG - Mission Energy Foundation

**09.40 – Invited Chief Guest Welcome Address**

Shri Pralhad Joshi, Union Cabinet Minister Parliamentary Affairs, Coal & Mines - Govt. of India\*  
Shri Raosaheb Patil Danve, Minister of State for Rail, Coal & Mines - Govt. of India\*

**10.00 – Special Guest Welcome Address**

Shri Amrit Lal Meena, Secretary Coal - Ministry of Coal, Govt. of India  
Shri M Prasanna Kumar, CMD - NLC India Limited  
Smt. Vartika Shukla Chairperson & MD - Engineers India Limited  
Shri Naveen Jindal, Chairman - Jindal Steel & Power Limited

**11.00 Hrs – Networking Tea Break**

**11.30 Hrs – National Coal Gasification Mission: Target 2023 & Incentives to Industry**

**Session Chair: Anil Razdan, Former Secretary Power**

Rajnath Ram – Advisor Energy – Niti Aayog  
Dr Peeyush Kumar, Director Technical / OSD - Ministry of Coal  
Balasaheb Darade, Managing Director - New Era Cleantech

**13.30 Hrs – Networking Lunch Break**

**14.30 Hrs – Solutions for Enabling Coal Gasification Projects in India**

**Session Chair: A K Jha, Former CMD - Coal India Limited**

Rahuel George, Country Head - Case Group  
Bernd Heinzerling, Director Contracting & Commercial Sales - Arvos GmbH  
Varun Kumar, MD – Dev Energy

**16.00 Hrs – Networking Tea Break**

**16.30 Hrs – Gasification Barriers: Mixed Feedstock, Operations, Post Gasification Clean-Up & Syngas Use**

**Session Chair: Alok Perthi, Former Secretary Coal**

Debasish Nanda, Director Business Development - Coal India Limited  
Nitin Karvekar, Vice President – Reliance Industries Limited  
Vivek Srivastava, Managing Director - Talcher Fertilizer Limited  
TBA - Jindal Steel & Power Limited

**18.00 Hrs – End of Day 1**

### Day 2 – Friday, 20 October 2023

**10.00 Hrs – A Debate: Gasification Technologies: Present and Future**

Session Chair: T S Venkataraman, CMD - Esvin Advanced Technologies Limited  
Vivek Srivastava, Managing Director - Talcher Fertilizer Limited  
Debasish Nanda, Director Business Development - Coal India Limited  
Balasaheb Darade, Managing Director - New Era Cleantech  
Nitin Karvekar, Vice President – Reliance Industries Limited  
TBA - Jindal Steel & Power Limited

**11.00 Hrs – Networking Tea Break**

**11.30 Hrs – Integrated Solutions for a Sustainable Circular Economy via Coal Gasification**

Session Chair: M P Narayanan, Former CMD - Coal India Limited  
Kirtiraj Jilkar, EVP - Thermax  
Jayant Parimal, Advisor to Chairman – Adani

**13.00 Hrs – Networking Lunch Break**

**14.00 Hrs – Coal Gasification to H2: India’s Goal & Approach**

Session Chair: Dr. R K Malhotra, President, Hydrogen Association of India  
Rajeev Agarwal, ED Technical - Engineers India Limited  
Dr. R R Sonde, Professor - IIT Delhi

**16.00 Hrs – Networking Tea Break**

**16.30 Hrs – Commercial Scale Coal Gasification – Lessons Learned and R&D Needs**

Session Chair: Dr. R R Sonde, Professor - IIT Delhi  
Prakash Chavan, Head Gasification & Catalysis Research Group – CIMFR  
Dr. Rasesh Kotdawala – Manager - BHEL

**17.30 – Valedictory Session & End of Conference**

## SPONSOR NOW

Our aim is to deliver you an event that exceeds your expectations, thus becoming an integrated part of your annual marketing program.

Sponsoring this **GASIFICATION INDIA 2023** will make your company stand out as a leader in this burgeoning industry and will leave a strong impression of your brand in key decision makers minds. Sponsors have an incredible amount of presence and it will not only give your company optimum exposure but also the opportunity for delegates to meet you and your executives to find out more about your role and business opportunities in the sector.

Gain **PUBLICITY** with our advertising and promotional campaigns

Obtain **DIRECT ACCESS** to potential clients during and after with our meticulously prepared confidential delegate list

Receive a **KEY SPEAKING POSITION** to address an audience of top executives and decision makers from the industry

Create **PERMANENT REMINDERS** of your product or services in conference documentation

Profile yourself as **INDUSTRIAL LEADER**, as your corporate logo and profile will be featured prominently in event marketing collaterals

**NETWORKING** with the industries leading Government Officials, Senior Level Delegates and Experts

Achieve **GREATER EXPOSURE** and **BRAND BUILDING** through our partners and much more

Refer to the below tabular of varied sponsorship options and benefits.

## EXPO

Throughout during the conference days, there will be a select number of leading solution providers who will discuss and advise on their latest products, solutions and services to a targeted number of senior level decision makers and technology-including regulatory affairs, financing structures and many more... Make sure you stay ahead of the competition and **SECURE YOUR PLACE NOW!**

You will benefit from multiple opportunities to talk with the clients and prospects you want to do business with and kick start your sales. All under one roof and all in just two days - saving you both time and money!

As exhibition space is strictly limited and is already booking fast! For booking of exhibition space, contact our representative right now!

Exhibiting at **GASIFICATION INDIA 2023** is a cost effective and invaluable tool to help deliver your technology, product, equipment and services to senior decision makers of your core target market and will help grow your business in following ways

**ENFORCE** your **BRAND** and promote your services to generate and customers bases interest

Meet senior level decision makers to **EASE** of doing **BUSINESS**

Make new contacts and **BUILD** lasting **RELATIONSHIPS**

**DISPLAY** your **CAPABILITIES** at an international platform to those developers, utilities and manufacturers who need your project financing services or project development technology.

Take advantage of a central point of contact from which to **DEVELOP BUSINESS** and raise your profile in this growing sector.

**STRENGTHEN** existing **BUSINESS PARTNERSHIPS** and create profitable new leads as you interact with your core customer base.

## VISITOR PROFILE

Participants will benefit from the high quality information exchange and networking opportunities. The expo will be marked by the presence of key decision makers and key players from the government and corporate world in India and abroad:

- Diplomats and senior government officials including policy makers and regulatory authorities
- Senior industry leaders from power, coal, chemical, etroleum and many other sectors
- Senior management teams from renowned private and public sector companies
- Entrepreneurs, technologists, operators and service providers
- Energy associates, producers and consumers
- International suppliers and trade organizations
- Equipment suppliers and service Companies
- Environmentalists, research and development scientists
- Investment banks & financial institutions

PRESENTS

14<sup>th</sup> EDITION CONFERENCE & EXPO

# GASIFICATION INDIA 2023

19 & 20 October 2023  
NDMC Convention Centre  
New Delhi

"You're building the future. Please build the one you want to live in."  
– A CLEAN WORLD with CLEAN ENERGY...

Throughout the last 15 years Mission Energy Foundation have delivered successful platforms of knowledge dissemination on various subjects like Gasification, Waste-to-Energy, Fly Ash Utilization, Biomass, Solar and Wind gathering who's who from Entrepreneurs to Academicians to Government Authorities to Technology Providers to Consultants to Industry Professionals from the growing energy sector globally.

### The Organisation

Mission Energy Foundation is a persistent, private, not-for-profit endeavour based in Mumbai, India. We are registered under sec 25 (1), 80G & 12AA respectively.

### The Beginning

A single man army with its mission to build platforms of discussion, exchange knowledge among industry professionals on core issues pertaining to growing energy sector.

### GOAL

Mission Energy Foundation is a micro-enterprise initiative that strives to spread knowledge in the globalising energy sector. We educate and spread technology awareness through ongoing contacts and discussions with the public and industry concerning what the future of the growing energy sector should be...

### Today

A human asset working together as one endeavour that expertise in organising and delivering successful international summits involving who's who from Entrepreneurs to Academicians to Government Authorities to Technology Providers to Consultants to Industry Professionals from the growing energy sector globally.

### Parallel Conference

Mission Energy Foundation (A not-for-profit Organisation)

003, B-16, Sector 1, Shanti Nagar, Mira Road, Thane, Maharashtra - 401107

+91 98560 98360

#### Cancellation Policy:

- Should a delegate be unable to attend, a substitute delegate from the company is always welcome at no extra charge. Alternatively, for any cancellations, the following rules shall apply
- 70% refund of registration fee if cancellation is done on or before 20 working days of the schedule
  - 50% refund of registration fee if cancellation is done on or before 15 working days of the schedule
  - Thereafter, no refunds can be made

#### Important note:

Please quote the name of the participant and event title on the advice when remitting payment. Bank charges to be deducted from the participant organisation's own accounts. Attendance will only be permitted upon receipt of full payment. It may be necessary for reasons beyond the control of the organiser to alter the content or the event date or location or the identity of the speaker's.
