SustainPort India 2026

• Accelerating India's Green Maritime Transition •

2nd Edition of Exclusive Conference & Awards

12 August 2026, Scope Convention Centre - New Delhi

Why India's Ports Must Lead the Sustainability Race — and Be Recognized for It

India's maritime sector is entering a transformative era where sustainability is becoming central to the future of port-led economic growth. With nearly 95% of the country's trade by volume and around 70% by value moving through maritime routes, ports are no longer viewed merely as cargo gateways — they are now strategic hubs for energy transition, industrial competitiveness, climate resilience, and sustainable infrastructure development.

Over the past few years, ports across India — including major ports, non-major ports, private terminals, and maritime logistics hubs — have increasingly begun integrating sustainability into their operational and infrastructure strategies. The maritime sector is witnessing a gradual but significant shift from conventional port operations toward greener, smarter, and more environmentally responsible practices.

Driven by rising environmental awareness, global decarbonization targets, ESG expectations, and the need for long-term operational resilience, ports are actively implementing a wide range of sustainability initiatives aimed at reducing their environmental footprint while enhancing efficiency and competitiveness.

Across the country, ports are:

- Expanding the adoption of renewable energy through large-scale solar and wind installations
- Electrifying cargo handling equipment and port vehicles to reduce fossil fuel dependency
- Introducing shore power systems to minimize vessel emissions at berth
- Investing in smart and digital infrastructure for energy optimization and operational efficiency
- Implementing advanced waste management, wastewater treatment, and pollution control systems
- Promoting green logistics and multimodal connectivity to reduce transportation emissions
- Strengthening oil spill response mechanisms and marine ecosystem protection measures
- Enhancing green cover, water conservation, and climate resilience infrastructure within port ecosystems
- Exploring alternative fuels such as green hydrogen, LNG, and other low-carbon maritime solutions

Ports are also increasingly aligning their strategies with global environmental frameworks and sustainability benchmarks, recognizing that green transformation is becoming essential for attracting investment, maintaining international competitiveness, and meeting evolving trade and shipping expectations.

This momentum is being further accelerated by strong policy support and strategic initiatives from the Government of India. Through programs such as Maritime India Vision 2030, Harit Sagar – Green Port Guidelines, Sagarmala Programme, the National Logistics Policy and the National Green Hydrogen Mission, the government is creating a robust framework to promote cleaner, more efficient, and future-ready maritime infrastructure.

Together, these developments are driving a new era of sustainable maritime growth — positioning India's ports not only as trade gateways, but as critical enablers of the nation's broader energy transition and climate goals.

Globally, the maritime industry is also facing mounting pressure to decarbonize in line with evolving International Maritime Organization (IMO) targets, ESG expectations, and sustainable finance requirements. Ports that fail to transition toward cleaner and smarter operations risk losing long-term competitiveness in global trade and logistics networks.

Against this backdrop, the 2nd Edition of Exclusive Conference & Awards **SustainPort India 2026** under the theme: "Accelerating India's Green Maritime Transition" will serve as a strategic national platform to bring together policymakers, port authorities, shipping companies, logistics players, renewable energy developers, technology providers, investors, sustainability experts, and industry leaders to discuss the next phase of India's green maritime transformation.

Scheduled on 12 August 2026 at Scope Convention Centre - New Delhi, the conference will focus on enabling scalable, future-ready, and globally competitive maritime infrastructure through:

- Port decarbonization strategies
- Renewable energy and green hydrogen integration
- Shore power and vessel electrification
- Smart and digital port ecosystems
- ESG and sustainable financing
- Green logistics and multimodal connectivity
- Climate resilience and coastal sustainability
- Circular economy and waste management solutions

The conference will culminate with the prestigious **Green Gateway Awards 2026**, recognizing ports, terminals, organizations, and leaders demonstrating excellence in sustainability, innovation, environmental stewardship, and green maritime leadership.

As India moves toward becoming a leading global maritime economy, the transition toward greener, smarter, and more resilient ports is no longer aspirational — it is imperative. The 2nd Edition of Exclusive Conference & Awards SustainPort India 2026 aims to catalyze this transition by fostering collaboration, showcasing innovation, and celebrating the leaders shaping the future of India's sustainable maritime ecosystem.

SustainPort India 2026

• Accelerating India's Green Maritime Transition •

2nd Edition of Exclusive Conference & Awards

12 August 2026, Scope Convention Centre - New Delhi

The **SustainPort India 2026** is an initiative by Mission Energy Foundation to spotlight and celebrate the pioneering efforts of Indian ports and maritime stakeholders that are driving innovation, decarbonization, and environmental responsibility.

SustainPort India 2026 aims to bring together key stakeholders from across the maritime ecosystem to deliberate on the opportunities, challenges, technologies, investments, and policy frameworks required to accelerate India's green maritime transition. The conference will spotlight pioneering initiatives and best practices that are redefining the future of sustainable port operations and environmentally responsible maritime growth.

The 2nd Edition will feature a high-level one-day technical conference comprising keynote addresses, industry presentations, leadership panel discussions, interactive sessions, and knowledge-sharing forums designed to foster collaboration and innovation within the maritime sector.

The event will culminate with the prestigious **Green Gateway Awards 2026**, recognizing ports, terminal operators, maritime organizations, technology providers, and industry leaders demonstrating excellence in sustainability, environmental stewardship, innovation, and green maritime leadership.

SustainPort India 2026 will serve as a strategic industry platform to exchange ideas, showcase innovations, build partnerships, and collectively shape the future of India's sustainable maritime ecosystem.

Scheduled on **12 August 2026 in New Delhi**, **SustainPort India 2026** is expected to witness participation from:

- Major and Non-Major Port Authorities
- Private Port & Terminal Operators
- Shipping & Maritime Companies
- Logistics & Supply Chain Organizations
- EPC & Infrastructure Companies
- Renewable Energy & Clean Tech Providers
- Environmental & Sustainability Experts
- Government Ministries & Regulatory Bodies
- Financial Institutions & ESG Leaders
- Consultants, Researchers & Academia

SustainPort India 2026

• Accelerating India's Green Maritime Transition •

2nd Edition of Exclusive Conference & Awards

12 August 2026, Scope Convention Centre - New Delhi

- Who Should Attend -

Government & Regulatory Bodies

Ministry of Ports, Shipping & Waterways (MoPSW)
Indian Ports Association (IPA)
Central Electricity Authority (CEA)
State Maritime Boards & Port Authorities
Pollution Control Boards & Environmental Agencies

Port Operators & Authorities

Major & Non-Major Port Operators
Terminal Operators & Container Handling Companies
Shipbreaking & Recycling Companies

Shipping & Logistics Companies

Shipping Corporations & Fleet Owners
Cargo & Freight Management Companies
Third-Party Logistics (3PL) Providers

Renewable Energy & Sustainability Experts

Green Energy Developers (Solar, Wind, Hydrogen)
Environmental Consultants & Climate Change Specialists
Technology Providers for Smart Port Infrastructure

Financial Institutions & Investors

Green Investment Funds & ESG Investors
Maritime Infrastructure Lenders & Development Banks
Government & Private Sector Investors in Port Sustainability

Industry Associations & Research Institutions

Maritime Industry Associations
Academic & Research Institutions in Maritime Sustainability
Think Tanks & NGOs focusing on Port Decarbonization

Technology & Equipment Providers

Port Automation & Digitalization Experts
AI & IoT-based Smart Port Solution Providers
Alternative Fuel & Green Bunkering Service Providers

Media & Industry Analysts

Maritime Journalists & Sustainability Reporters
Industry Bloggers & Digital Media Representatives
Trade & Business Publications

CALL FOR SPEAKERS OPEN

If you are interested in speaking at the SustainPort India 2026 conference we are inviting you to put forward your presentation proposal for review by our international conference advisory board. Please note that not all submissions can be accepted but all will be considered ahead of the final submission deadline.

- CALL FOR SPEAKERS SUBMISSION PROCESS -

Proposals must be submitted by online speaker registration mode. If selected to speak, all presenters will be required to submit a presentation in PowerPoint format at least 2 weeks in advance of the conference to ensure guidelines are met.

We encourage proposals from speakers with deep technical and practical expertise in all aspects of sustainability

Deadline For Paper Submission 15 June 2026

If you have any questions, please contact

Sponsor Now!

Our aim is to deliver you an event that exceeds your expectations, thus becoming an integrated part of your annual marketing program.

Sponsoring this **SustainPort India - 2026** will make your company stand out as a leader in this burgeoning industry and will leave a strong impression of your brand in key decision makers minds. Sponsors have an incredible amount of presence and it will not only give your company optimum exposure but also the opportunity for delegates to meet you and your executives to find out more about your role and business opportunities in the sector.

Gain **PUBLICITY** with our advertising and promotional campaigns

Obtain **DIRECT ACCESS** to potential clients during and after with our meticulously prepared confidential delegate list

Receive a **KEY SPEAKING POSITION** to address an audience of top executives and decision makers from the industry

Create **PERMANENT REMINDERS** of your product or services in conference documentation

Profile yourself as **INDUSTRIAL LEADER**, as your corporate logo and profile will be featured prominently in event marketing collaterals

NETWORKING with the industries leading Government Officials, Senior Level Delegates and Experts

Achieve **GREATER EXPOSURE** and **BRAND BUILDING** through our partners and much more

SustainPort India 2026

• Accelerating India's Green Maritime Transition •

2nd Edition of Exclusive Conference & Awards

12 August 2026, Scope Convention Centre - New Delhi

DRAFT AGENDA - Wednesday, 12 August 2026

*Invited Speakers

09:30 - 11:00 | India's Maritime Vision: Driving the Green Transition

Key Discussion Areas:

India's roadmap toward sustainable and net-zero ports
Maritime India Vision 2030 & Harit Sagar Guidelines
Role of ports in India's climate and logistics strategy
Policy support for green maritime infrastructure
Creating globally competitive and environmentally resilient ports

Format:

Welcome Address | Chief Guest Address | Keynote Address | Industry Leadership Remarks

11:00 – 11:30 | Networking Tea Break

11:30 – 13:00 | Decarbonizing Ports: Renewable Energy, Electrification & Green Infrastructure

Key Discussion Areas:

Renewable energy integration across port ecosystems
Electrification of cargo handling equipment and port mobility
Shore power and low-emission vessel operations
Green hydrogen and alternative marine fuels
Energy efficiency and carbon reduction strategies
Sustainable infrastructure development and smart port systems

Format:

Technical Presentations | Q&A

13:00 – 14:00 | Networking Lunch Break

14:00 – 16:00 | Building Smart, Resilient & Sustainable Maritime Ecosystems

Key Discussion Areas:

Smart ports, automation, AI & digital transformation
ESG frameworks and sustainability reporting
Circular economy, waste & wastewater management
Climate resilience and coastal ecosystem protection
Green logistics and multimodal connectivity
Financing the future of sustainable ports

Special Focus:

Case studies and implementation success stories
Technology showcase and industry innovations
Collaboration between ports, logistics players & solution providers

Format:

Industry Presentations | Case Studies | Q&A

16:00 – 16:30 | Networking Tea Break

16:30 – 17:30 | Panel Discussion: Accelerating India's Green Maritime Transition – The Road Ahead

Discussion Focus:

Key priorities for the next decade
Industry-government collaboration
Scaling sustainability initiatives across Indian ports
Challenges, opportunities, and investment outlook
Building future-ready maritime infrastructure

Format:

CXO Roundtable & Open Interactive Discussion

17:30 | Green Gateway Awards 2026: Recognizing Excellence in Sustainable Maritime Leadership

18:00 | Vote of Thanks & End of Conference

SustainPort India 2026

• Accelerating India's Green Maritime Transition •

2nd Edition of Exclusive Conference & Awards

12 August 2026, Scope Convention Centre - New Delhi

Green Gateway Awards 2026

The Green Gateway Awards 2026 is a premier recognition platform dedicated to honoring excellence, innovation, and leadership in sustainable maritime and port development. The awards aim to recognize organizations and individuals that are driving meaningful transformation across India's maritime ecosystem through environmentally responsible practices, clean technologies, operational efficiency, and long-term sustainability initiatives.

As the maritime industry accelerates toward decarbonization and greener operations, the awards will spotlight pioneering efforts in areas such as renewable energy adoption, green port infrastructure, low-carbon logistics, smart maritime technologies, waste and water management, ESG integration, and climate-resilient port development.

The awards will be presented alongside SustainPort India 2026, bringing together policymakers, port authorities, terminal operators, shipping and logistics companies, technology providers, environmental experts, sustainability leaders, and industry stakeholders to celebrate achievements that are shaping the future of India's green maritime transition.

The **Green Gateway Awards 2026** will serve not only as a platform for recognition, but also as an opportunity to showcase industry best practices, inspire wider adoption of sustainable initiatives, and encourage collaboration toward building smarter, cleaner, and globally competitive maritime infrastructure.

This prestigious gathering will recognize the organizations and leaders who are setting new benchmarks in sustainability and driving impactful change across the maritime sector.

This Is Your Moment...Seize It.

If your port has:

- Adopted clean or renewable energy
- Reduced GHG emissions or electrified equipment
- Improved marine biodiversity or waste management
- Invested in green infrastructure or digital sustainability
- Supported community or stakeholder engagement

You deserve a national recognition.

2nd Edition of Exclusive Conference & Awards

12 August 2026, Scope Convention Centre - New Delhi

Why Nominate & Showcase Your Sustainability Efforts at the Green Gateway Awards 2026?

Acknowledging Eco-Efforts at India's Maritime Front

This is not just another award – it is a **national recognition of climate conscious leadership, technological innovation, and environmental accountability** in one of the country's most vital sectors.

Validate your commitment to green growth before industry, government, and international stakeholders.

Inspire others by showcasing your innovative practices and the impact you're making.

Strengthen your reputation with ESG-conscious investors, global partners, and regulatory bodies.

Motivate your teams by publicly recognizing their contribution to sustainability goals.

Position your port as a leader aligned with India's green maritime future.

- Why nominate for GREEN GATEWAY AWARDS 2026 -

Nominations are open now for the **Green Gateway Awards 2026** — the event where India's green maritime future will take center stage.

Let your success story lead the way for others. Nominate today — and let the nation applaud your green commitment.

The award categories are designed to ensure inclusivity for major ports, non-major ports, terminals, private operators, and service providers actively contributing to sustainability in India's maritime ecosystem.

- Why nominate for GREEN GATEWAY AWARDS 2026 -

Nominations are open now for the **Green Gateway Awards 2026** — the event where India's green maritime future will take center stage.

Let your success story lead the way for others. Nominate today — and let the nation applaud your green commitment.

The award categories are designed to ensure inclusivity for major ports, non-major ports, terminals, private operators, and service providers actively contributing to sustainability in India's maritime ecosystem.

- Why nominate for GREEN GATEWAY AWARDS 2026 -

Promote The Industry

The Awards will increase visibility for your company. Awards can raise the credibility of your company, its brand and products.

Encourage Your Team

Shine the limelight on your team's fantastic work and reward every member of your team that contributed.

Make Your Mark

Display and celebrate your success over the last year and be recognized by the industry experts.

- Why nominate for GREEN GATEWAY AWARDS 2026 -

OBJECTIVE

Encourage & motivate to adopt best practices and become role models for others to emulate. Encourage implementation of strategies for improvement in operations standards.

ADVANTAGES

Reflects your commitment to environment protection & enhances your corporate status and image. Boosts morale of concerned employees and stakeholders, motivating management and staff of the organisation to excel.

ELIGIBILITY

The award categories are designed to ensure inclusivity for major ports, non-major ports, terminals, private operators, and service providers actively contributing to sustainability in India's maritime ecosystem.

For Whome

The nomination for awards are open for seeking national recognition of climate leadership, technological innovation, and environmental accountability in one of the country's most vital sectors.

• Accelerating India's Green Maritime Transition •

2nd Edition of Exclusive Conference & Awards

12 August 2026, Scope Convention Centre - New Delhi

- AWARD NOMINATION PROCESS -

Select Category

- > Decide which category of the GREEN GATEWAY AWARDS 2026 you / your company wish to nominate
- > Each category selected shall be considered per company / location / unit / per individual

Apply Online

- > Apply Online and make the payment.
- > Submit the completed application along with relevant information and we may contact for softcopy of the documents, if required.
- > If interested in applying for more than one unit / projects from the same company or more than one location, separate request for applications and fees should be submitted for each nomination.

Documentations

- > E-mail justification writeup precisely should contain specific & strong information for preliminary evaluation along with supporting documents should be sent 10 days from the application
- > PowerPoint presentation with original documents by all short-listed nominee companies / units shall be asked, if required
- > **Ask our team to share a copy of TEMPLATE FILE for your PowerPoint presentation**

- AWARD NOMINATION PROCESS -

Evaluations

- > Evaluation of nominations for **GREEN GATEWAY AWARDS 2026** is an intensive process. Nominations are evaluated by experts from Government, Academia and Industry Professional as our discreet on board Jury

Announcement of Winners

- > Relax and wait for the winner's announcement day i.e., 5 August 2026. The Awardee (Sr. Director / CEO / Senior Executive) must be available to attend the award function and to receive the **GREEN GATEWAY AWARDS 2026**

Nomination Fee

- > INR 36500 Per Nomination Per Selected Category
- > Eligible to nominate one participant per selected category
- > Category Discount
5% for 2+ categories
10% for 5+ categories

Organiser

The Organisation

Mission Energy Foundation is a persistent, private, not-for-profit endeavour based in Mumbai, India. We are registered under sec 25 (1), 80G & 12AA respectively.

The Beginning

A single man army with its mission to build platforms of discussion, exchange knowledge among industry professionals on core issues pertaining to growing energy sector.

GOAL

Mission Energy Foundation is a micro-enterprise initiative that strives to spread knowledge in the globalising energy sector. We educate and spread technology awareness through ongoing contacts and discussions with the public and industry concerning what the future of the growing energy sector should be...

Today

A human asset working together as one endeavour that expertise in organising and delivering successful international summits involving who's who from Entrepreneurs to Academicians to Government Authorities to Technology Providers to Consultants to Industry Professionals from the growing energy sector globally.
